

Meet Our Artisans

Maker *Jen Howe*

Jen and her family ranch on the edge of Empress, and creativity is a family affair. Jen has many talents; from photography to creating beautiful one of a kind jewelry pieces. She also does one of a kind pictures and signs, and embellishing clothes and bags with a western flair. She and her daughter both run their own on-line businesses, and they have been known to enlist Dales help on occasion for some of the bigger projects.

A *creative* life requires an inspired setting. Build your life and your life's work in Empress. Empress is a quaint village of artisans, makers and prairie people. It's a place to find the time, space and peace you need to conjure creativity, produce art and build community.
